A SAD DEATH.

The many friends of Mr. and Mrs. J. D. Morrow deeply sympathize with them in the loss of their little son, who died last Saturday afternoon, enroute to a Montgomery hospital. The little fellow had been ill only a day or so, and his condition was so serious an attempt was made to get him to a specialist, but he died just a few minutes before reaching the hospital.

The body was brought back to Elba and funeral services were held Sunday and the body laid to rest in Evergreen cemetery. The bereaved family has the sympathy of scores of friends.

Mrs. C. P. Lee, of Montgomery, is spending a few days with Elba relatives this week.

Mr. and Mrs. C. E. Dorsey, Mr. and Mrs. H. C. Johnson visited in Enterprise Sunday.

Misses Henrietta Coston and Eva Lee and Mr. and Mrs. F. H. Talbot went to Dothan shopping Saturday.

IN MEMORY OF OUR DARLING ONE.

On Saturday night, Feb. 6th, 1926, the death angel called and took away our darling one, who was 10 months and 19 days of age. It seemed bitterly against our wills, but we believe it belonged to the Lord and He wished it to have a better home than we could prepare for it.

So this sad day, we called it away to Him to stay. But we sincerely pray, To find the golden way, To this sweet day, The kind thoughts are still in our hearts, And we pray to meet it again, never to part.
It's Relatives.

CARD OF THANKS.

We wish to thank each and every one who was so kind to assist us during the sickness and death of our darling baby. We also want to thank Drs. Braswell, Hayes and Rankin for their assistance, as we feel that everything was done in medical aid that was possible. Chalmers & Icie Blackmon.

Spring dress goods—a nice, new selection for you to pick from. We will be glad to show you the new patterns.

Mrs. J. F. Rowe and children and Mrs. J. O. Shealey visited relatives in Opelika last week.

Mr. Jim Fountain of Homerville, Ga., spent a few days in Elba last week with his brother Walter Fountain.

Mrs. Hattie Conner returned home from Dothan where she was the guest of Dr. and Mrs. Stough.

The many friends of Mr. M. C. Russ will regret to learn that he is ill and confined to his bed this week.

Mr. C. C. Colquitt, of Montgomery and Mr. Boce Colquitt, of Brantley were guests of Mr. and Mrs. W. M. Tucker Sunday.

the greatest number of credits at the close of the campaign on March 12—just four more weeks. These credits are obtained by selling subscriptions to the Elba Clipper and by clipping the FREE credit coupons appearing in the Clipper today. There is no better time to make a decision on your fortune than today—NOW! Decide at once that you want to enter and share in this grand \$3,000 prize distribution.

Get In Right Now. This is a special invitation for you to participate in this campaign. It is of such short duration that immediate action is necessary. Remember that this is not a "bait and switch" game, but a straight-forward business proposition. Some-one in Coffee County or surrounding territory is going to win that splendid Hudson Coach and Chevrolet Touring and the other prizes. This someone may just as well be you. In any event you will lose by trying, as every candidate will be paid for his or her time.

Stand In Your Name At Once. Participants are expected and urged to send in their own nomination blanks. This is not "please vote for me" proposition. It is Salesmanship to the 11th degree, and the best salespeople—men and women of determination, ambition and hustle—will be paid for their time as they never dreamed of being paid before.

Next Count Saturday. The credits will be counted again Saturday evening at 10 o'clock and the results sent by bulletin to all active candidates.

The count Wednesday evening, the result of which is found on this page, includes all credits polled up to 9 o'clock that evening. Hereafter the credits will be counted twice each week. Wednesday night for the Thursday paper, and Saturday night for the bulletins on Monday.

Turn in every available subscription between now and this coming Saturday night and boost your standing. The Clipper office will remain open until 8 o'clock evenings for the convenience of those who cannot report earlier. Candidates residing outside of the city should send their reports by special delivery mail in the self addressed envelopes furnished. There are only 9 days left of the first period, and then the big credits positively will be discontinued for once and for all time.

Liberality Galore.

This is the high mark of compensation which is offered you in the Clipper's Sales Club. Right behind her, in second place, is Miss Edelle Bryant, of Elba, and following close, in third position, is Miss Miriam Russ, also of Elba.

The race is extremely close, in view of the fact that it started rather evenly. Everybody's chance at the Grand Prize is very evenly divided now, but the pace is getting hot. Who will the winners be? Answers: The candidates who cannot get out and keep their courage. It will be noted that the list is diminishing down to actual workers. Those whose names do not appear dropped out by not reporting at least two subscriptions each week, according to the rules.

With three more days Thursday, Friday and Saturday in which to turn in subscriptions and receive the maximum credits for the same, and with but three more weeks to go before the race comes to a close, interest in the campaign is approaching fever heat.

Each candidate realizes that the prizes, stipends in value, lay practically in reach, either so be claimed for his or her very own or forfeited to more aggressive opponents during the next three weeks, depending to a major extent on the efforts being put forth while the big credits are being issued.

Don't Forget This. Now, let's figure this thing out. Get a pencil and paper and get down to brass tacks. First put down the value of the Grand Capital Prize—a 1926 Hudson Coach worth \$1,385.00. Second, put down a Chevrolet touring car at \$630.00. Note that the difference in the value of these two awards is \$755.00—a sum equal to 8 months' wages of the average head of the family, and more than 69 times the average of the poor.

VOLUME XXIX. ELBA, ALABAMA, THURSDAY, FEBRUARY 18TH, 1926. NUMBER 32.

Saturday is Day of Days in Big Campaign; Most Important Vote Offer Ends Promptly at 10 P.M.

Your Subscription Counts One-Third More Credits This Week Than It Would Later

WINNERS MAY BE DECIDER BY WORK DONE DURING THIS WEEK, BUT TODAY IT'S ANYBODY'S RACE.

Crucial Test at Hand. End of Campaign Only Three Weeks Off. Action, Action!

The bars are up! The track is clear; the preliminaries are over! The Clipper's Mammoth \$3,000 in Prizes Greater Campaign is on in earnest. The race for the prize is a fine quality to possess, and everyone possesses it to a greater or less extent—but ambition is only an indication of desire—ACTION is the fulfillment of that desire.

Never again after Saturday night, Feb. 20th will it be possible to secure the full credit records will be broken with the ending of the epochal First Period. Never before in a history of this campaign have so many credits been issued for subscriptions. Never again will it be possible to secure as many ballots as now. TO WIN or NOT WIN is the question of the hour.

Candidates, Attention! The crucial test is now at hand. If you ever intend doing anything in this race, DO IT NOW. Instead of being in second, third, fourth or fifth place, get to the top and stay there.

Now is the time to secure an insurmountable supply of records. Now is the time to make reasonably sure of the prize you most desire. Ambition is a fine quality to possess, and everyone possesses it to a greater or less extent—but ambition is only an indication of desire—ACTION is the fulfillment of that desire.

WHO'S WHO TODAY

In the \$3,000.00 Auto Prize Race

Miss Louise Sykes, popular young lady of Luverne, flashes into lead with all the speed and sparkle of a comet, all the more spectacular because of its suddenness. Miss Sykes' accomplishment, while surprising, is but the result of constant and persistent salesmanship. Will she hold this lead? Right behind her, in second place, is Miss Edelle Bryant, of Elba, and following close, in third position, is Miss Miriam Russ, also of Elba.

CANDIDATES AND FRIENDS OF CANDIDATES, remember the hour—10 O'CLOCK SATURDAY NIGHT—set as the closing of the Biggest Credit Period. NEVER before have so many credits been issued. Now again will there be larger credits than this week. Bear in mind that you get a bonus of 100,000 Extra Credits for every \$20 collected, and also remember that the 1,500 credits for a one-year subscription, and 100,000 credits for a two-year subscription hold good until Saturday night only. After that subscriptions count less, according to the schedule on receipt book cover.

A Million Credits Is Easily Secured.

Here's an example of how easy it is to get over a MILLION credits in The Elba Clipper's \$3,000.00 Salesmanship Club Campaign. 100,000 credits are allowed on each ten-year subscription to The Clipper, provided the same is turned into campaign headquarters before the close of the First Credit Period, 10 o'clock p. m., this coming Saturday.

Seven 10-year subscriptions, amounting to \$70 in business, would entitle you to 700,000 REGULAR Credits, and according to the rules of the campaign of issuing 100,000 EXTRA Credits with every \$20 turned in (the \$70 would constitute three "clubs") you would be entitled to 300,000 EXTRA Credits. This would make a total of 1,000,000 credits for just 7 10-year orders to the Clipper. Therefore, the seven 10-year orders, or its equal in shorter term orders, would mean over a Million Credits. Easy enough, isn't it?

Have you 7 friends who would help you to the extent of a 10-year subscription, either new or renewal, to the Elba Clipper toward winning that luxurious \$1,385 Hudson Coach? Of course you have. See them today.

After Saturday the credit schedule goes DOWN, DOWN, down, and the voting power of subscriptions is tremendously reduced. Therefore look after and protect your personal interest now.

With all reports not yet in for Wednesday evening count the standings are reported.

So close are they arrayed that it is anyone's race—just a few "clubs" and the lowest one in the race could be in the lead and it is up to the individual members and their friends to improve their chances for the grand prize before the end of the First Period.

With but three more days Thursday, Friday and Saturday in which to turn in subscriptions and receive the maximum credits for the same, and with but three more weeks to go before the race comes to a close, interest in the campaign is approaching fever heat. FARMERS TO HAVE BIG CONFERENCE IN MONTGOMERY, MAR. 9.

The date for the state-wide farmers co-operative marketing meeting in Montgomery has been changed from Feb. 15th to March 9th.

Largest Farmers Conference in History of Alabama. A number of times great delegations of farmers have met in the Capital City and resolved and promised to do great things, but this conference at Montgomery March 9th will be composed of only those whose faith has been tested. One thousand active workers in co-operative marketing will meet and lay plans for another period of years.

Best Talent In World To Be Present. The greatest champion among farmers today is President Coolidge who knows by experience the needs of farmers all over the American Union. The next greatest champion for co-operative endeavor among farmers is the Congress of the United States which body recently passed a new Co-operative Marketing Act which will greatly strengthen the activities of farm organizations throughout America.

So we do not lack for leadership and backing in the great work of bettering market conditions on the farm. Great men who have pioneered in this righteous cause will be at the Montgomery meeting and offer words of inspiration and courage to Alabama farmers who for four years have been taking part in co-operative marketing.

We Want 100 Farmers From Coffee County. Coffee County is a leader in all things. We have the best lands in the state and more of them than other counties. We have absolutely the highest, best and purest type of white farmers of any county in America—more of them. We are beginning to lead in schools and roads, and the farmers will see that Coffee leads in numbers at the Montgomery meeting. All members from each county will be seated in a body and when the leading progressive county of Alabama is called our spokesman will not cry out "24 votes for Underwood" but "100 votes for Coffee County and co-operative marketing."

Let every farmer arrange to rise early on the morning of March 9th, crank his Lizzie and with three or four neighbors set out for the Greatest One Day farmers meeting in the history of Alabama.

A large number of new subscribers are being added, and it is a task to avoid making an occasional error, so we respectfully ask the co-operation of each reader in adjusting his term of subscription.

Readers of The Clipper and the public are hereby notified that the yearly subscription price of this paper will be raised to \$1.50 effective at the close of the close of the present subscription drive. March 15th is the specified time.

All those who intend to renew their subscription, or become readers of the Clipper, will save 50c for each year if they do so while the campaign is on.

Most weekly newspapers are \$2 and \$2.50 per year. The Clipper has endeavored to give the people of Coffee County a good newspaper at only \$1 per year, but has found it too meager to meet the expense of publication and is forced to increase the price.

All persons subscribing for the Clipper in the campaign are requested to pre-serve the receipt given them by candidates, and also to take note of the date of expiration stamped alongside their name on the paper, and see if they have been properly credited, and if not to notify this office so that proper credit can be given.

Milk in a Bag

COW Chow and Bulky-las make more milk at less cost per gallon, because they are really milk in dry form.

You can't very well increase the price you get for your milk or butter—but you can lower your cost of producing it. That's the way to increase your profits.

We're so sure that Cow Chow will make more milk that we'll furnish you free record cards so you can see for yourself, just what it will do. That's fair enough, isn't it?

"CHARLEY'S AUNT" WITH SYD CHAPLIN.

(The Story.)

Sir Fancourt Babberley, known as "Babbs," is in France paying court to Elia Delahay, whose father spends a lot of time at the gambling casinos. Acting on a tip from Babbs, Delahay loses a large sum of money and Elia, believing her father was "framed," grows angry and sends Babbs away. Later, at St. Olde's College, Oxford, Jack Chesney and Charley Wykeham are preparing to propose to their girls, Kitty and Amy. Stephen Spettigue, the girls' guardian knows that if they marry, his fees will be discontinued. The boys are about to propose outside Spettigue's house, but he runs them off. They hit on the idea of having the girls up for lunch to meet Donna Lucia, Charley's Aunt from Brazil, but they have to work fast for Spettigue intends to take the girls away to Scotland that night.

Babbs is now in Oxford, too. The boys invite him over to entertain the Aunt in order that they can get in a few words with the girls. The girls arrive but leave when they find the Aunt has not come yet. Jack's father, Sir Francis Chesney, calls, and Jack advises him to lay siege to the heart of Charley's wealthy old Aunt.

The boys receive a message that Donna Lucia is not coming that day. As the girls return Elia comes in with his car. He has time for the play and he is pressed into service to impersonate the Aunt. The girls make a fuss over "Auntie." Babbs finds himself in many embarrassing but nevertheless pleasing situations and the boys are very jealous.

Jack's father returns and begins to court "Auntie." Spettigue arrives and, learning that this is the famous millionaire widow, begins to court her himself.

Meanwhile, Babbs is being sought to attend the play rehearsal. He tries to escape, but fails.

To complicate matters, Donna Lucia, the real Aunt, arrives with Elia Delahay. Jack's father recognizes the Aunt as an old sweetheart, whom he hasn't seen for twenty years. Elia is introduced to Charley's Aunt, and the real Aunt lets the deception continue to see what develops. Babbs again tries to escape, but the boys refuse to let him go until he gets Spettigue's written consent to the girl's marriage.

When Babbs recognizes Elia, he is all the more anxious to get out of the predicament. Spettigue insists that the whole party have dinner with him, as he doesn't want to let the "widow" get away. After dinner, Spettigue presses his proposal to Babbs. When Babbs and Elia are alone the latter confides how much she really loves "the man she met in France."

This wonderful Christie feature picture will be shown at the Elba Theatre on February 24th and 25th. Don't miss it!

Fifty-four per cent of the cows kept in Alabama for milk last year did not yield any return for their upkeep. —P. W. Gist, Auburn.

Coffee County Probate Judges

JUDGE B. W. STARKE

(By Judge J. A. Carnley)

Judge Costello was succeeded in the Probate office by Bowling W. Starke. Judge Starke was born in 1822 near Richmond, Va. He died on July 5, 1901, at Troy, Alabama. He was the son of Col. Bowling and Eliza Gregory (New) Starke. He was a brother of Alexander Wallace Starke, a native of Hanover County, and who died in Troy in 1866. His father was also a native of Hanover County, Va., and was later a resident of Richmond, Va. His mother was the daughter of Col. Anthony and Nancy (Wyatt) New, of Caroline County, Va., later of Kentucky, her father having been a member of the Virginia Legislature and a member of the 3rd to 8th Congresses, serving from Dec. 2, 1793, to March 3, 1805.

After his removal to Kentucky he represented that State in the 12th, 13th and 14th Congresses. He was a great grand son of John and Ann (Wyatt) Starke, and both his grand father and great grand father were members of the committee of safety, Nov. 8, 1775, for Hanover County, Va.

Judge Starke received his early education in the county schools. He studied law and was admitted to the practice of law and began the practice of his profession at Richmond, Va. Later he removed to Tennessee and there taught school until the declaration of war with Mexico. He was among the first to answer the call to arms in the Mexican War, and he was present at the capture of Mexico City.

At the close of the Mexican War he returned to Richmond and resumed the practice of law. Upon the advice of his brother, A. W. Starke, who had already come South he settled in Elba, Coffee County. In 1861 he accepted the position of adjutant general of the 18th Alabama regiment of the Confederate Army. He was severely wounded at the battle of Shiloh on April 6th, 1862, and was forced to resign his position on account of disabilities. In May following he was elected Judge of Probate and entered upon his duties on May 24, 1862. He held the office of Probate Judge for only one term, being succeeded in 1868 by Judge B. M. Weeks, a republican. (An account of Judge Weeks' election will follow later.)

Judge Starke's term of office extended through the latter part of the war and partly through the reconstruction period. He performed faithfully and well the duties of his office, mainly that of looking after the distributing support to widows and orphans of Confederate soldiers. Soon after his defeat for a second term he moved to Troy where he lived until 1901. Judge Starke was a democrat, a Mason and a Baptist. He was married to Miss Fannie Gardner, of Troy, to which union was born Fannie Lou, deceased. Like the family of Judge P. D. Costello there are no descendants of this family. Some of his brother's descendants survive.

When Judge Starke took charge of the office in May, 1862, the County Commissioners were: John M. Carmichael, Burrill Clark, Jas. N. McDuffie and Wm. F. Beard. He met first with them on Sept. 1, 1862 and during the greater part of the first year of his term he was absent in the war. Other County commissioners who served while he was Probate Judge were: J. W. Broston, A. H. Justice, Jerry Warren, M. D. Schloss, H. K. H. Horn, L. J. Cole, McKenith Page, these serving at different times during his administration. When he went out of office on the 3rd day of August, 1868, all his commissioners went out with him, and they were succeeded by M. M. Maddox, Wiley Snellgrove Bryant Spears and David Garrison, beginning a new administration with Judge B. M. Weeks.

The peculiarly conspicuous service rendered by Judge Starke's administration was

that of looking after the poor and widows and orphans of Confederate soldiers, during and after the close of the war. It was during his administration that the Court House at Elba was burned by Yankee sympathizers, local raiders. Some of the records, mainly all, were saved, but County offices had to be held in rented rooms until the latter part of Judge Starke's administration when the new Court House was completed. Maj. B. H. Lewis built the new Court House, a description of which has been given in another chapter. The building committee was composed of F. M. Rushing, A. Vaughn, J. B. Simmons, J. W. Harper and B. A. Cummings. The building of the Court House was financed by the issuance of Treasury Notes in the amount of \$10,000.00, in denominations of five dollars and one dollar, four thousand dollars to be in denominations of \$1 and six thousand dollars to be in denominations of \$5. The Court House was a two story wooden structure and continued in use until 1880 when it was replaced by the first brick Court House. These treasury notes were redeemed and burned at the close of Judge Starke's administration.

How Doctors Treat Colds and the Flu

To break up a cold overnight or to cut short an attack of grippe, influenza, sore throat or tonsillitis, physicians and druggists are now recommending Calabals, the purified and refined calomel compound tablet that gives you the effects of calomel and salts combined, without the unpleasant effects of either.

One or two Calabals at bedtime with a swallow of water—that's all. No salts, no cathartics, no sleepless nights, no interference with your eating, work or pleasure. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a lovely appetite for breakfast. Eat what you please—no danger.

Frequent Bilious Attacks

"I suffered with severe bilious attacks that came on two or three times each month," says Mr. J. P. Nevins, of Lawrenceburg, Ky., "I would get nauseated, I would have distress and couldn't work. I would take pills until I was worn-out with them. I didn't seem to get relief."

"A neighbor told me of

and I began its use. I never have found so much relief. It gave me. I would not be without it for anything. It seemed to cleanse my whole system and made me feel like a new man. I would take a few pills and feel better. I would take a few pills and feel better. I would take a few pills and feel better.

Billions attacks are "seasonal" with many people. Millions have taken Thedford's Black-Draught to rid off such attacks, and the good results they have reported should induce you to try it.

MAKE MORE MONEY FROM COTTON

Greater Yield Per Acre Important in Solving Problem.

J. C. Fridmore.

The amount of money, or net profit, which the farmer gets out of his cotton crop is determined very largely by the yields made on each acre. Generally speaking, the larger the yields per acre, the greater the net profit to the farmer; whereas smaller yields per acre give him proportionately less profit.

As evidence of the truthfulness that yields govern profits, showing that there is a close relationship between yields per acre, and profits in growing cotton, and that the larger yields give the farmers more money for their efforts.

Since yields do govern profits to the farmer, and since profit is what the farmer is working for, he should strive to make use of every means possible that influences and makes for bigger yields.

While there are several factors bearing directly upon yields per acre, chief among these is the kind and quantity of fertilizer used. In fact, there is a very close relationship between yields per acre and the kind and quantity of fertilizer used. That being true, the farmer interested in making most profit on his cotton should give very careful consideration to the selection of the kind and quantity of fertilizers used in the production of this crop.

With this in view they should keep in mind the fact that fertilizer is to be used primarily in supplying plant food for the growing crop, and that best results will be obtained by getting fertilizers that have been properly prepared, processed, well ground, finely pulverized, and thoroughly mixed, and which carry plant foods, phosphate, acid, nitrogen, and potash in the proper balance of ratio, and in the quantity needed by the cotton plants; this applied in liberal quantities, preferably at, or just prior to, the flowering time.

To this end we strongly advise the use of from 400 to 800 pounds per acre of a fertilizer containing from 10% to 12% available phosphoric acid, 3% to 4% nitrogen, and from 1% to 1.5% potash, on the sandy soil lands, particularly those in the Coastal Plain.

We want you to have this catalog in your home. It tells all about Hastings' garden, flower and field seeds, plants and bulbs. Write for it today. A postcard request brings it to you by return mail.

H. G. HASTINGS CO., SEEDSMEN, ATLANTA, GA.

area, which should be supplemented with a side dressing of 100 to 150 pounds of nitrate of soda, or three-fourths this amount of sulphate of ammonia.

On the heavier soils, such as those in the Piedmont region, we advise the same quantity per acre of the same kind, but with slightly less potash on the heavier soil types, letting the fertilizer be supplemented in this case with a side dressing of nitrate of soda, or sulphate of ammonia, as is recommended for the Coastal Plain, on sandy, unimproved lands.

Purchasing Power of Alabama Cotton.

The purchasing power of Alabama's total production of cotton last on December 1 as compared with the same date in former years is the highest since the beginning of the war. The average annual value on December 1 of cotton in Alabama from 1909 to 1913 was \$81,442,800. The value of the crop on December 1, 1925, was \$125,152,000 or 53 per cent above the 1909 to 1913 average. Taking the general price level for December 1, at 100, the purchasing power of the cotton crop for 1925 is 96 as compared with 85 for 1924, 74 for 1923, 34 for 1922 (the lowest in recent years), and 100 from 1909 to 1912.

The purchasing power of cotton per pound for the 1925-26 season (at 20 cents per pound) is 108. For 1924 it was 118 and for 1923, 152. The purchasing power per acre in 1925 is estimated at 109, as compared with 105 in 1924, and 51 in 1923. The 1909-13 average is taken as 100.

The purchasing power per acre of cotton in Alabama in 1925 was the highest since 1913 when it was 112.—From "Farm Economics," Auburn, Ala.

Milk in a Bag

Cow Chow and Bulky-las make more milk at less cost per gallon, because they are really milk in a bag.

You don't vary will increase them. You get for your milk a butter—had you can have your cost of producing it. That's the way to increase your profits.

We're so sure that Cow Chow will make more milk that we'll furnish you free record cards so you can see for yourself. That's fair enough, isn't it?

COFFEE COUNTY HEALTH CRUSADERS.

(By Emma Farria.)

The teachers of Coffee County selected as one of their objectives for this school year 1925-26, the study and practice of health. They have put on a special health drive in the schools. They are cooperating with the Health Department of the County by insisting that the children take advantage of the examinations given them by the Health Unit by having the correct answers made which Dr. Rankin advises.

The teachers and pupils, in order to make the teaching of health more effective have put on the Modern Health Crusade Movement. This means that the children have kept eleven habits every day for three months. At the end of this time they have become Squires and wear a Squire button. If they do these habits 3 months more next year they will become Knights.

Clintonville school is the first one to send in to the office the names of their Squires for this year. They are as follows: Jessie Roberts, Leniz Brabham, Bertha Cordle, Foy Dutt, Weldon Henderson, Ralph Gay, Sanford H. Hines, Hilma Prichett, Andrew Cordle, Clifford Kennington, J. T. Kennington, Manie Andrews, Ester Childs, Ray Johnson, Albert Johnson, Carrie Lee Bass, Garland Ousley, J. D. Holmes, R. J. Roberts, Walidus Dutt, Ethel Williamson, Groves Anderson, Una B. Cordle, L. D. Clark, Kenneth Hines, Elia B. Pless, Marie Pless and Polle Cordle.

W. H. Y. BIRTHDAY PARTY.

On Thursday night the W. H. Y. girls and their friends celebrated their second birthday at the home of Miss Margaret Ham.

The living room was artistically decorated with pot plants and valentine decorations. The guests spent the evening in delightful entertainments. At 10 o'clock the club cake which was baked in the colors, was cut. The charter members received the largest slices. A dinner of Entelle Bryant and Mable Bryant was served by the hostess, assisted by Misses Fannie Marsh and Hazel Bonneau.

DR. AND MRS. ROWE ENTERTAINS—

Dr. and Mrs. Monroe Rowe gave a six o'clock dinner Thursday evening when their guests were members of the Coffee County Medical Association and Rev. F. M. Lowery and Rev. T. C. Mahan.

The valentine idea was very beautifully carried out in the decorations. A three course dinner was served.

CAMPAIGN PERSONALS.

(Continued from page one.)

Two new candidates are Miss Sweetie Goodson, of Brockton, Rt. 2, and Mrs. B. C. Goodman, of Enterprise, Rt. 4. Mrs. Goodman is a very popular instructor in one of Coffee County's schools, and declares that she will make up for time she lost in not entering earlier.

Mrs. Bonnie Turner of Opp has been confined to her bed with the mumps, and consequently has not been able to make the showing that she wishes to, but states that she is some better now, and will come an active candidate again.

Special attention is called to the fact, as announced in this issue of the Clipper, that right after the campaign closes, the subscription price of the Clipper will advance to \$1.50 per year. Attention of Candidates is also called to the article on this page headed "A Million Credits Easily Secured." This is a valuable suggestion if you have the energy to carry it out.

Rumors of unknown origin are floating freely at this stage of the game. They are all without foundation, however, and usually run the course and die in a very short time. It gives the Clipper much pleasure to state that it has not changed the fair and honest plan of the campaign in the least, and does not intend to. Regardless of what may come the Clipper will certainly stand by its plan. We do not note that none of the Candidates seem inclined to stop to heed the petty rumors. They are too busy to indulge in idle prattle.

COME TO MILLINERY DISPLAY AT BROCKTON.

Saturday afternoon Feb. 20, at 3 o'clock the leadership school in Millinery, conducted by Miss Edley Clothing specialist of Auburn will come to a close. The hats made by the leaders will be displayed and Miss Edley will give a prize to the winner of "Leadership" in all its phases.

Miss James, Home Demonstration Agent, has invited the ladies from the communities where Home Demonstration Clubs are studying clothing to attend this school and she is very anxious for all men, women and girls interested to attend this exhibit Saturday at the New Brockton School.

Remember the line, Saturday afternoon, Feb. 20th, at 3 o'clock.

We have received our new line of Men's and Boy's Suits—a full range of sizes and all the colors to select from.

MRS. JETER ENTERTAINS—

Mrs. Hendrix Jeter very delightfully entertained the T. E. L. Class of the Baptist S. S. Wednesday afternoon at her handsome new home on Davis Street.

Early spring cut flowers attractively arranged in baskets were the beauty of the apartments used for entertaining.

A business meeting was presided over by the Class president, Mrs. C. P. Hayes. Pretty little valentines were passed to the guests by Mrs. W. F. Cooper. On the valentines were a number of Bible questions which were promptly answered by the ladies.

The hostess, assisted by Mrs. Claude Fleming served an elaborate plate.

Mrs. Jeter very courteously showed her guests through her new home which is modern as well as beautiful in every detail.

DR. AND MRS. ROWE ENTERTAINS—

Dr. and Mrs. Monroe Rowe gave a six o'clock dinner Thursday evening when their guests were members of the Coffee County Medical Association and Rev. F. M. Lowery and Rev. T. C. Mahan.

Get This Through Your Hat

That we don't think we're so well known that advertising in this paper doesn't help a whole lot.

There is a Church in this town that has been here over thirty years, still they sing the bell every Sunday morning, yet everyone knows that the Church is here. Any concern that is wrapped up in itself makes a mighty small package, so we want to tell the whole world that there's more pep and power, more sandup and serviceability in the U. S. L. BATTERY. It's growing popularity is based upon its own merits exclusively.

Next Nine Days Offer Bigger Credits; \$100 In Gold Extra For 6 Days Work; End of Campaign Near--14 Days More

Candidates Are Closely Bunched For First Position In Credit Count Wednesday Night

SECOND PAYMENT IS MOST IMPORTANT FACTOR IN GETTING LARGE CREDITS

Mr. Public—Volunteer Your Support For Your Favorite While It Helps Them Biggest

Two special features in connection with the Clippers Great \$3000 Automobile Prize Campaign are demanding the interest and attention of the Candidates and friends this week. One is the offer of \$100 in gold to the candidate who does the best work this week, up to Saturday night. All candidates were notified of this offer Monday morning, and all started on an equal footing to win it. This offer was extra and in addition to the big list of prizes and commissions which will be given March 12th, so candidates are having a chance to earn double this week. While they are getting business toward winning the \$100 the votes are piling up to win the other biggest prize.

The other feature which is of great importance is the "Extension Payment" privilege, which means that when a subscriber re-subscribes during this Second Period, up to March 6 their subscription will count many times more credits than it would if they haven't. These "second payments" will be the biggest factor in winning now, as the candidates are all bunched and it will take something like this to separate them.

Millions Of Credits Last Week.

To say that the closing of the "first credit period" was a success for both this newspaper and its Club Members, would be placing it in mild terms. Millions of credits were recorded. All candidates benefited.

Credits Still Very Large.

During This Second Credit Period, up to 10 o'clock Saturday.

It's Anybody's Race

Following is the latest count of credits in The Elba Clipper's \$3,000.00 Salesman Club Campaign. The list was revised at 8:00 o'clock last night. Subscriptions have been slack the past three days, but bigger results are almost certain the rest of this week, as \$100.00 in Gold is an added inducement.

Among the following candidates, one will receive a \$1,285.00 Hudson Super-Six Coach; another will be given the \$635.00 Chevrolet Touring Car, and the others will receive valuable awards and a cash commission of 20 per cent on the business they have turned in.

Your guess as to who the winners of the autos will be is just as good as anybody's. The Candidate coming under the wire with a few more credits than competitors will get the Hudson. We know that, but who will that be? Help make it your favorite.

NAME ADDRESS CREDITS

Mrs. Ross Clark and Miss Sydney Rainer, Elba 4,920,200
Miss Rena Lee and Mrs. Forest Talbot, Elba 4,920,000

The above represents actual number of credits polled so far in campaign.

All reports must be in campaign office by 10:00 o'clock Saturday night to apply toward winning the extra \$100.00. Bulletin issued next Monday will show latest standings.

JAY GOULD BOUTWELL IS SHOT AND KILLED BY ALVA LEE.

Jay Gould Boutwell, young white farmer, well known in Elba and throughout this section, was shot and fatally wounded at his home South-west of town near the old Fate Rhodes place, early Monday morning by Alva Lee, well known farmer who lives about three miles South of town.

Boutwell was given medical attention but died about three o'clock Monday afternoon. He was about six times, according to reports, the fatal wounds being in his stomach and neck.

From reports of the unfortunate affair, it seems that the two men had had some misunderstanding about a cow. Lee, who had formerly lived on Lee's place, only recently having moved away. Lee fired at him, after Boutwell had fired at him. Boutwell claims that Lee fired first. It is understood that Boutwell made a statement to officers before he died. There were two or three witnesses to the affair, so it is said.

Lee came to town shortly after the shooting, and went before Justice A. M. McCollough, who, after hearing witnesses allowed him bond in the sum of \$3,000. Since then he has been at liberty.

We were not informed when a preliminary trial would be held, but understand arrangements are being made for one.

HAIRY VETCH ADDS TONS OF NITRATES TO COFFEE SOILS.

Coffee County farmers demonstrated their interest in better soils last fall by sowing 35 thousand pounds of vetch seed. This crop gathers nitrogen from the air and stores it in the soil for the succeeding corn or cotton crop. Germany increased her yield of wheat from 5 to 60 bushels per acre by building up her soils with hairy vetch.

Mr. Dave Chaney grew 25 bushels of corn per acre after vetch last year and Math McCollough grew a bale of cotton per acre after vetch. These farmers were planted six weeks later than normal.

Let Vetch Stand Till April 1st.

Do not plow up your vetch till April 1st as it is just beginning to do its big growing. In fact, the 10th of April is the best time to turn under vetch if you own any.

Another close race, an Irishman was overheard to say, is the Scotch race.

Now comes the Clipper's big \$3000 in prizes race to claim distinction of being the closest race of its kind ever known to man in my career as a Campaign Manager for the Metsker-Griffin Syndicate, of Memphis, Tenn.

It is true that the race started rather unevenly. Some started early and others late, but it is a thing of ancient history now. The late entrants have gained ground in a most amazing manner. All spurred on by a desire to win the first prize, the race has become a neck and neck and nose and nose affair, until it is now unusual to speculate on any particular candidate as the likely winner of the Hudson Coach.

The candidates who were lagging during the First Credit period, took advantage of the biggest offer last week and to a greater extent than did those who were leading, and as a consequence we now have a line up of Candidates who have the most evenly divided chance to win the first capital prize on March 12th ever known in competition of this nature.

There are scarcely three big subscriptions' difference in any one's standing today, so close are the candidates arrayed.

It will be noted this week that there are several candidates who are not in the running of the race. They were not able to stand the pace set by their more powerful opponents, and fell by the wayside. They lost by not living up to the rules and making a report every week.

This is a race in which these without initiative are without a chance to win the \$1,355.00 auto in just two more weeks.

Much praise and credit is due those who are now endeavoring to win first honors, and let me say to the public at large that every last one of them is due the support of their friends. Your co-operation and support in assisting them to win will no doubt be reciprocated at a future date, so why hold back when your subscription may be the very one your favorite needs to put him or her across.

You can subscribe for the Clipper up to 10 years in advance. If you were two years back when the campaign began, you are entitled to subscribe 12 years, etc. If you are paid in advance a year you can take 9 more years, etc.
